

MYAT KAY ZIN THANT

Developer Intern

myatthant68@gmail.com | +959-685-252-566 | Luntaung, Madaya, Mandalay

Profile Summary

I am a CS final year student with hands-on experience building full-stack web applications using modern web technologies. Seeking a software engineering internship to apply my skills, learn from experienced engineers, and contribute to and learn enterprise way of doing things.

Project Experiences

Frontend Role – ShopVerse (Web application)

- Developed responsive mini-ecommerce application using React.js, Next.js, Tailwind CSS and DaisyUI.
- Built reusable UI components and implemented client-side routing with React Router.
- Integrated REST APIs for authentication, product management, and user interactions. Improved application performance using React Query for efficient server-state management. Applied responsive design principles to ensure compatibility across desktop and mobile devices.

Full Stack Role – WeCommute

- Developed a real-time chat web application featuring secure user authentication, individual messaging, and dynamic group chat rooms.
- Architected live, bidirectional communication channels using Socket.io to ensure low-latency message delivery and instant UI updates.
- Implemented client-side routing and protected navigation flows, ensuring unauthenticated users are securely redirected to login.

Education

B.C.Sc (Computer Science) – Final Year

University of Computer Studies, Mandalay

- Major in Computer Science

Language

English – Conversational

Japan – N5

Relevant Skills

- HTML, CSS, Javascript
- Reactjs, Nextjs

- Nodejs
- Expressjs

MySQL
PostgreSQL
MongoDB
